PROFESSIONAL EXPERIENCE

Professional Internship – Project “CTP Portal Docente” (Teacher Administration)

Universidad Técnica Nacional (UTN), Costa Rica | Jul 2025 - Oct 2025

Description

Development of a web-based system called CTP Teaching Portal, created as part of the professional practice for the Bachelor's Program in Software Engineering. The system was designed for the Los Chiles Technical Professional College to facilitate the academic and administrative management of the teaching staff.

- Developed the web system's interface using ReactJS and TailwindCSS, implementing reusable components and state management.
- Designed and implemented new tables and relationships in PostgreSQL, applying concepts such as primary/foreign keys and indexes.
- Managed project versioning with Git/GitHub, documenting updates prior to deployment.
- Collaborated with the academic staff to gather requirements and perform functional testing of the system.
